A Bernedoodle puppy can be reserved and held with a deposit of \$500 USD. Deposit may be made via Venmo (@Peppermintroseranch sent as friends and family ONLY) or cash. Full remaining payment is due upon pick up of your pup (If using transport, its due a week prior to puppy leaving). If pup is staying past 8 weeks, full price is due on the day they turn 8 weeks. Price of pups vary based on colors and range from \$2,000 to \$3,500.

Pups must be picked up on the agreed upon date (8 weeks) or a boarding fee of \$10 a day will be applied. If the pup is being held for transport or other reasons, remaining balance is due on the day they turn 8 weeks. Any costs acquired after 8 weeks of age such as additional shots or worm meds will be at the expense of the buyer. Any required health certificates or documents to travel or at the expense of the buyer.

Health

All pups are sold up to date on age appropriate vaccinations and worming medications. Your pup comes with a health guarantee that covers severe congenital health defects. For this guarantee to be valid, you must have your pup vet checked within two (2) business days from the date you take possession and we ask that the results be communicated to us from the vet if any issues are found. This health guarantee is NOT VALID if the pup is not seen by a vet within 2 days. Providing your pup with the accurate vaccinations, care, food, medications, etc is your responsibility once it leaves our farm. Any injuries, sickness, vet bills, expenses or problems are not our responsibility once it has left our property. Pups are sold to the best of our knowledge in good health. Please remember to keep your pup away from other dogs and animals and germs until all shots have been received. We only breed healthy adults with no know health issues thus our pups have great health and temperament. We are not responsible for any veterinarian's bills or any costs related to the pup and its needs once it leaves our farm . We do not guarantee the size, weight, shedding, color, hair length, texture, temperament and/or house training abilities of your pup.

Spay/Neuter

Our pups are sold as PET ONLY unless breeding rights have been approved. We do charge an extra fee if you are approved for breeding rights. If breeding rights are not paid for, you agree to spay/neuter your pup within the next year. If this does not happen you are required to pay the breeding rights fee.

If for some reason your pup is not a good fit for your home, it MUST be communicated to us, and up to us as to next steps. (We are not a kennel so it will need to stay with you while we line up a new home due to quarantine rules we can not bring dogs in and out once they have left our property). No refund will be given, no deposit transfers etc for pups that need to be rehomed. Costs associated with rehoming is at the original owners expense.

Bernedoodles are family members who love to be with you and should not be kept in a kennel or tied up all day. They are high energy but intelligent and loving. Make sure to start your pup on training right away to make sure you both have a great experience! Many pet stores and vets offer training classes.

This Agreement constitutes the entire agreement of the parties and supersedes all prior representations, understandings or agreements. This Agreement may not be amended or modified except in writing, signed by both parties.
