

PUPPY Waitlist CONTRACT

**PLEASE READ, SIGN, AND RETURN WITH YOUR WAITLIST PAYMENT.
YOU WILL BE PLACED IN ORDER BASED OFF WHEN YOUR CONTRACT
AND PAYMENT IS RECEIVED.**

Payment

We require a \$100 payment (sent via venmo friends and family or cash) to be placed on our wait list. That payment will come off your puppy deposit price once you make your pick. For example deposit amount is \$500 so you would only pay \$400 if you have made a payment through our wait list. We do it this way to make sure those joining the wait list are serious about a puppy and it prevents us from wasting a lot of time. We limit wait list spots so its important to know exactly how many people are getting a puppy, and often times we plan litters based off how many are on our wait list. Please only join if you are serious about getting a puppy, from that specific litter!

Picking Protocol

We allow people to pick their pups when they are 3-4 weeks of age. Once we decide what day we will begin, we notify each person on our wait list. We also give a time limit such as you have 4 hours to pick before we move to the next person on the list. We notify you of the start day, the time limit to pick etc ahead of time. We go in order based off who joined the wait list in what order. If we have two litters, the wait lists for each dog are separate.

Keeping In Touch

We will let you know the approximate time we believe our girls will go into heat. Dogs only go into heat twice a year so it can be a guessing game. They can also miss conceiving so litters may happen at a later date than we predict (this does not effect your wait list payment, even if they do not get pregnant when we estimate). Once we are sure she is pregnant we will let you know due date and then again once they arrive. We post pictures and videos daily on our Instagram and thats the best place to watch them grow.

Info...

Wait list deposit is non refundable and may NOT be moved to a future litter. We do the wait list deposit for those who are POSITIVE they want a puppy and from the litter they picked. If you are not positive, we suggest you wait and see what's available, when you are ready. It is a lot of work keeping track of who wants what, in what order, and the goal of this is making things easier, not more work. If the dog does not get pregnant for the litter you are waiting on, then the deposit gets moved to the next litter. It does not get moved if we don't have the color or gender you want in that litter as we can't predict those things. We reserve the right to cancel if we find you are difficult to work with or we believe the home isn't a right fit.
